Ques : The bill aligns India's aircraft leasing framework with which international convention?

- a) Warsaw Convention
- b) Montreal Protocol
- c) Cape Town Convention
- d) Chicago Convention
- e) Hague Convention

Answer : Option C

Explanation :

- The Protection of Interest in Aircraft Objects Bill, 2025, which was enacted by both the Lok Sabha and the Rajya Sabha, is the second major aviation reform under Civil Aviation Minister Ram Mohan Naidu.
- The measure seeks to connect India's aircraft leasing and financing environment with global standards, bolstering investor confidence in the country's rapidly expanding aviation business.
- It builds on the foundation of the Cape Town Convention of 2001, which aimed to simplify and standardize international leasing contracts.

- Future goals include producing 2.5 crore gallons of Sustainable Aviation Fuel (SAF) by 2025, converting over 100 airports to renewable energy, and expanding Flight Training Organizations (FTOs) to fulfill the demand for 30,000-34,000 pilots over the next 10-15 years.
