Ques: What new customer authentication method has India Post Payments Bank (IPPB) introduced for secure transactions?

- A. Voice recognition authentication
- B. Iris scan authentication
- C. Face authentication using Aadhaar
- D. Smart card authentication
- E. Palm vein recognition

Answer: Option C

Explanation :

- India Post Payments Bank (IPPB) has launched a nationwide Aadhaar-based Face Authentication facility for customer transactions.
- Developed in collaboration with UIDAI, this feature allows transactions using facial recognition, eliminating the need for Fingerprints and OTPs
- It is a significant step toward empowering elderly and differently-abled individuals by enhancing security and ease of access.
- This aligns with IPPB's mission: "Aapka Bank, Aapke Dwaar."
- IPPB, launched on 1st September 2018, is 100% government-owned and operates under the Ministry of Communications.
- It serves over 11 crore customers across 5.57 lakh villages and towns, offering services in 13 languages.

Ques: The Banking Laws (Amendment) Act, 2025, which introduces key reforms across five major banking legislations, came into effect from which date?

- A. 1st July 2025
- B. 1st August 2025
- C. 15th August 2025
- D. 1st September 2025
- E. 30th June 2025

Answer: Option B

Explanation :

- The Banking Laws (Amendment) Act, 2025 came into force on 1st August 2025, as appointed by the Central Government.
- Banking Companies (Acquisition and Transfer of Undertakings) Acts of 1970 and 1980
- Specifically, sections 3, 4, 5, 15, 16, 17, 18, 19, and 20 of the Act came into effect from this date.

The Act introduces reforms through 19 amendments to the following major banking legislations:

- Reserve Bank of India Act, 1934
- Banking Regulation Act, 1949
- State Bank of India Act, 1955

Changing the Meaning of Substantial Interest :

- The threshold for "substantial interest" was raised from Rs.5 lakh to Rs.2 crore, which is a significant adjustment. Eligibility for directorship in banks is based on this cap, which has been in place since 1968.
- They increase banks' minimum paid-up capital from Rs.5 lakh to Rs.2 crore.

The tenure of directors in cooperative banks :

- The Act brings the terms of cooperative bank directors into compliance with the 97th Amendment to the Constitution. With the exception of chairpersons and full-time directors, the maximum term for directors has been increased from eight to ten years.

Unclaimed Amount Transfer to IEPF :

- The Investor Education and Protection Fund (IEPF) can now receive unclaimed shares, interest, and bond redemption sums that have been outstanding for seven years from public sector banks (PSBs).

Giving Statutory Auditors More Power :

- The changes provide PSBs the authority to pay statutory auditors. The measure gives banks the authority to determine their auditor's compensation. (The RBI's earlier repair)

Modifications to Reporting and Regulations :

- The Act updates banks' reporting schedules to the Reserve Bank of India. The meaning of "fortnight" was changed by the RBI Act to be one day to the fifteenth day and two to sixteen days to the last day of the month.

Nomination Facility :

- The Nomination Facility enables account holders to suggest up to four nominations, either concurrently or consecutively.
- Only consecutive nominations will be accepted for Safety Locker.

Ques: What is a new filter introduced under the revised Enhanced Surveillance Mechanism (ESM) framework for companies with market capitalisation under Rs.1,000 crore?

- A. Debt-to-equity ratio filter
- B. Promoter holding filter
- C. Price-to-earnings ratio filter
- D. Volume-to-market-cap ratio filter
- E. Dividend payout ratio filter

Answer: Option C

Explanation :

- Securities and Exchange Board of India (SEBI) and stock exchanges have revised the Enhanced Surveillance Mechanism (ESM) for companies with a market cap under Rs.1,000 crore.
- The revised framework, effective July 28, 2025, impacts 28 companies currently under surveillance.
- Under Stage 1, surveillance was earlier based on high-low price variation. Now, a sustained 3-month upward close-to-close price trend is also considered.
- Under Stage 2, a new Price-to-Earnings (PE) ratio filter has been introduced.
- Only stocks with a PE ratio up to twice that of the Nifty 500 index will qualify to move to Stage 2.
- This helps monitor excessively overvalued stocks more closely.
- Restrictions for Stage 1 include 100% margin from T+2 and Trade-for-trade settlement with a 5% price band
- If the stock already has a 2% band, it stays unchanged.
